

PROFESSIONAL SUMMARY

Frontend Developer with 5 years of experience in React, TypeScript and REST API integration, currently pursuing a BTech in Cyber Security. Combines strong technical foundation with hands-on retail experience (ERP, POS, fiscal systems), enabling solutions with deep business understanding. Seeking challenges that bridge high-impact development and information security.

Key differentiators: Hybrid profile (Dev + Technical Support) | E-commerce & physical retail experience | Advanced English | Pursuing BTech in Cybersecurity

EDUCATION

BTech in Cyber Security
FIAP | São Paulo, SP | 2026 – 2028 (expected)

BTech in Systems Analysis and Development
UniCesumar | Limeira, SP | 2021 – 2023

TECHNICAL SKILLS

Frontend:	React, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind
State Management:	Redux, Zustand, React Query
Testing:	Jest, React Testing Library
APIs:	REST, Axios
Version Control:	Git, GitHub, GitFlow, Trunk-Based
DevOps:	AWS, CI/CD, Docker (basic)
Methodologies:	Scrum, Kanban, Code Review, Pair Programming
Design:	Figma, Design System, Accessibility (WCAG)

WORK EXPERIENCE

Junior Development Analyst
KaBuM! | Limeira, SP | Jun 2022 – Jan 2026

Frontend Development for one of Brazil's largest e-commerce platforms

- Technical Leadership: Maintained and evolved legacy codebases and new features, reducing technical debt and accelerating delivery by 20%
- React Development: Built responsive and accessible interfaces from Figma prototypes using React, TypeScript and Next.js
- Integrations: Connected frontend applications to REST APIs using Axios, React Query, Redux and Zustand, optimising global state management
- Quality Assurance: Implemented unit and integration tests with Jest, achieving 80% minimum coverage and reducing regressions by 35%
- Agile Methodologies: Participated in ceremonies (dailies, plannings, reviews) and code reviews, collaborating with designers and backend teams

- Performance Optimisation: Improved Lighthouse metrics (FCP, LCP, CLS), enhancing user experience and SEO
- Tooling: ESLint, Prettier, Husky, GitFlow, Trunk-Based Development

Key Deliverables:

- Implemented new checkout modules, reducing cart abandonment by 15%
- Refactored legacy components, improving load time by 30%

IT Support Assistant

KaBuM! | Limeira, SP | Apr 2022 – Jun 2022

Level 1 and 2 Technical Support for critical e-commerce operations

- Multi-level Support: Provided on-site and remote user support, resolving hardware, software and network incidents
- Access Management: Managed user accounts and permissions in Active Directory (creation, modification, blocking)
- Infrastructure: Diagnosed connectivity issues (Wi-Fi, Ethernet, VPN, DNS, DHCP)
- Asset Management: Conducted IT asset inventory and spare parts stock control
- Documentation: Reduced recurring tickets by 25% through knowledge base creation

Junior Support Analyst

VR Software | Limeira, SP | Dec 2020 – Aug 2021

Technical and functional ERP support for supermarket chains

- ERP Support: Resolved incidents across POS, inventory, fiscal, finance and purchasing modules
- Integration: Troubleshoot peripheral devices (scales, SAT/NFC-e, TEF, fiscal printers)
- Training: Guided operators and managers, reducing rework and recurring tickets
- QA: Collaborated with development teams to replicate bugs and validate fixes
- Knowledge Base: Created tutorials and FAQs that reduced repetitive ticket volume

Intern

VR Software | Limeira, SP | Oct 2020 – Dec 2020

- Assisted in new client parameterisation (products, pricing, tax rules)
- Initial support for ERP deployment in supermarkets

LANGUAGES

Portuguese: Native

English: Advanced (Technical reading/writing) | Intermediate (Conversational)

Spanish: Intermediate

ADDITIONAL TRAINING

- Currently pursuing a BTech in Cyber Security (FIAP) – expected completion 2028
- Participation in tech workshops and events (React, Information Security)
